38th NATIONAL VETERANS WHEELCHAIR GAMES
July 30—August 4, 2018
Orlando, Florida

Iowa PVA sent eight athletes, two coaches and several caregivers to the Wheelchair games in Florida. Our athletes were part of over 600 athletes that came to this life-changing event. (See page 9 for more details and photos)

A Message From The President
Jon R. Schneider

I received an email recently which I thought would be of interest to many of our readers. The subject is “MISSION Act and Health Net Contract Close Out”. See email below...

“IPVA Members & Valued Partners:

The VA Mission Act of 2018 consolidates VA’s community care programs into one program that will ensure Veterans get the right care at the right time from the right provider. Over the next year, VA will develop regulations to fully implement the new law, develop policies, train staff, and award contracts to furnish the care. In the meantime, this law appropriates $5.2 billion in mandatory funding for the Choice Program to continue providing care for Veterans.

Part of this change is the Department of Veterans Affairs ending their contract with Health Net Federal Services on September 30th, 2018. At that point, VA will take over ALL activity previously performed by Health Net — working hard behind the scenes to ensure this transition is as seamless as possible. For Central Iowa Veterans that have ongoing appointments or are requesting care after that September 30th date, please call our “Care in the Community” (CITC) Staff at 515-699-5849. Health Net has already STOPPED taking authorizations for Veterans who live 40 miles away from any VA center. If you receive any calls from these Veterans, direct them to their Primary Care team to enter a CITC consult. Staff are directed to put in the comment, “Choice 40 miler”. If they do not have a Primary Care Provider at the VA, please call our CITC team at the 515-699-5849 number and Dr. Sharpe will track these Veterans.

The truth is that our dedicated staff have always worked with outside providers to ensure Veterans receive proper care timely. We believe this consolidation will allow staff to better utilize resources and ensure Veterans are seen more timely and experience less “red tape” as VA will again take on a more active role in arranging this care....

Thank you for your time and consideration as we work through this transition!”

2018 Year-End Trap shoot

The year-end trapshoot was held in Omaha, Nebraska. To be eligible for award at the year-end shoot you had to attend at least four shoots throughout the year. Kim Gould and I both were at the year-end shoot and we were both on the same squad. Kim has been shooting for a few years now and she has been improving every time she has went to a shoot. Kim and I were invited to be on the Minnesota team since neither chapter had enough people to fill a squad.

There have been some trapshoots that I have not been shooting that well but this shoot I was doing a lot better. I knew that since Kim was there and had been shooting better, I had to shoot better than her. Everyone knows Kim would never let me forget if she was shooting better than me. Since we were on the same squad we both knew each other’s scores when we were done shooting. I did shoot better than her so I knew I got by this year without her outshooting me. We will have to see what happens next year!

Also in attendance at this shoot was my granddaughter Tiana. This is her second year of shooting with me at some of the shoots. I was very proud of her when there were a couple of rounds we were shooting that she only missed one and another round she missed two. I know some high school students that have gotten scholarships for college and I believe if my granddaughter keeps up the good work she could possibly get that scholarship as well.

At the end of the shoot, the awards were presented for the current shoot and different awards for shooting all year. For the shoot we just finished, with Kim and I being on the Minnesota team, we came in second place. For me, I came in first place for the handicap division. For the year-end awards, I came in second for the handicap division.

I want to thank the chapter for allowing me to continue shooting on the trap circuit. If any of our members are willing to join me on the trap circuit, please call me at 515-570-1402. We would love to have an Iowa team. Even if you don’t want to do the circuit, we do have our trapshoot in Cedar Rapids which is June 14th-16th, 2019. You would be welcome to shoot with us there.
I am just going to come right out and say it. The way we treat our veterans and our disabled veterans in particular is disgraceful. In my opinion, this treatment is primarily due to shear ignorance. Not ignorance as in stupidity. Ignorance due to unawareness.

A few years back, I was volunteering at the Castaway Disabilities Fishing Event in Ely, MN. (A fishing event we cosponsored at one time, attended by almost 40 disabled veterans and many of their caregivers.) On the last night of the event, many of us were sitting around the bonfire. I was visiting with one of the veterans I had met just that week and he said, “Can I ask you something? Why do you do what you do? Why do you work so hard for us? What is your story?” I didn’t really have an answer at that moment, but after some thought, I was able to figure it out.

Before I came to work at Iowa Paralyzed Veterans of America, I was ignorant. I worked for the United States Postal Service for 29 years. During that time, I worked with hundreds of veterans. It never occurred to me what sacrifices all veterans make in service to their country. Coming to work at IPVA has made me aware. It has made me appreciate all veterans. I no longer take for granted all of the opportunities and comfort that their service to our country has afforded me. That is why I do what I do. It is a basic appreciation for these veterans, Each and every one are heroes for their service to this country!

We as an organization “preach to the choir”. These articles, the newsletter, our meetings, even our events and discussions are directed toward veterans. It is time to branch out and expand our audience. We need to work on educating those who are not aware. We need to shed a light not only on veterans issues but disability issues. That brings to question how we are going to do this.

I propose we all start talking. Not necessarily to each other, but to friends, family, coworkers, and neighbors. Talk about veterans issues and disability issues. Talk about PVA. Everyone knows about the DAV and VFW, but not everyone knows about PVA and all of the great things PVA does for its members. (In many cases, our own members do not realize what benefits PVA can afford to the quality of their lives.)

When people become aware of our organization, they are more than willing to show their support. In the past year, local businesses and individuals have stepped up and supported us not only through monetary donations, but by helping us promote and carry out our mission of serving our paralyzed veteran members. Some of these folks have supported us for many years, but we have noticed an upswing in the past few. I would like to attribute some of the generation of support to our acceptance by the Better Business Bureau. This certification is VERY hard to qualify for and establishes the Iowa Chapter as a fiscally responsible charity worthy of donating hard earned money and valuable time.

I want to challenge you all to promote awareness. I would love to give presentations to any of your local civic groups, social groups, schools, etc. Anyone who will listen. I truly believe awareness is key to the success of this organization and to our members. Use me. Use your IPVA Board of Directors. We are always here to serve.

Kim

The Mission Statement of Paralyzed Veterans of America

The Paralyzed Veterans of America, a congressionally chartered veterans service organization founded in 1946, has developed a unique expertise on a wide variety of issues involving the special needs of our members—veterans of the armed forces who have experienced spinal cord injury or dysfunction.

PVA will use that expertise to be the leading advocate for:

- Quality health care for our members,
- Research and education addressing spinal cord injury and dysfunction,
- Benefits available as a result of our members’ military service,
- Civil rights and opportunities which maximize the independence of our members.

To enable PVA to continue to honor this commitment, we must recruit and retain members who have the experience, energy, dedication, and passion necessary to manage the organization and ensure adequate resources to sustain the programs essential for PVA to achieve its mission.
2018-2019 Educational Scholarship Award Winners

Paralyzed Veterans of America’s (PVA) primary goal has been to assist its members and their families in improving the quality of their lives. This goal has been addressed through a wide variety of activities, including support of programs designed to provide education and training.

PVA established an Educational Scholarship Program to assist PVA members and their immediate families in gaining a post-secondary education.

The PVA Iowa Chapter supported 8 athletes (3 of the athletes were first-timers!) to participate in the National Veterans Wheelchair Games this year in Orlando Florida from July 29-August 5. Throughout the week, athletes competed in events such as track and field, billiards, basketball, softball, table tennis, boccia, air rifle or pistol, slalom, power soccer, and bowling to name a few. There were teams from all over the country and even a team from England, making this year’s total the biggest showing of athletes at the games at a whopping 611. The team members, coaches, and caregivers enjoyed the busy week, meeting other people from far-away places and supporting each other in their events.

The Iowa Chargers proudly came home with 8 gold medals, 1 silver medal, and 2 bronze medals for their events. Way to go Iowa Chargers!
